Very Safe,

Safe,

Every second of every minute of every day they are out there. The usual suspects that look to steal what has taken you so long to achieve. Don't let them! **HOVUS** invites you to explore the answer in the newest line of *victan*[®] casings; *MultiSafe*. Lock in water, lock out oxygen, and lock up profits from your processed meat products like never before. Your retail items will look better longer, without the effects of wrinkling or color loss. Let **HOVUS** customize your next packaging solution; and let career criminals like O₂ and H₂O know there's a new sheriff in town.
